**Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

1. LANL 101, Definitions (Jan 2007)

As used in this subcontract, the following terms have the meanings stated:

- (a) "*Contract Administrator*" means the representative of LANS authorized to address contractual issues and execute and administer LANS' subcontracts at the Laboratory.
- (b) "*Contracting Officer*" means the representative of NNSA with authority to enter into, administer, and terminate contracts and make related determinations and findings, and includes certain authorized representatives of the Contracting Officer acting within the limits of their authority as delegated by the Contracting Officer.
- (c) "*DEAR*" means the DOE Acquisition Regulation at 48 CFR Parts 901 to 970.
- (d) "*DOE*" means the United States Department of Energy.
- (e) "*FAR*" means the Federal Acquisition Regulation at 48 CFR Chapter 1.
- (f) "*Government*" means the United States of America.
- (g) "*Head of Agency*" means the Secretary, Deputy Secretary, or Under Secretary of DOE or the Administrator of NNSA.
- (h) "*Laboratory*" or "*LANL*" means the Los Alamos National Laboratory, a federally funded research and development center owned by the U.S. Department of Energy National Nuclear Security Administration.
- (i) "*NNSA*" means the National Nuclear Security Administration.
- (j) "*LANS*" means Los Alamos National Security, LLC, a limited liability company, which manages and operates the Laboratory for DOE/NNSA pursuant to Contract No. DE-AC52-06NA25396 between the U.S. Department of Energy National Nuclear Security Administration and Los Alamos National Security, LLC.
- (k) "*Days*" means calendar days unless otherwise provided.

2. LANL 102, Assignment of Subcontracts (Apr 2006)

LANS may assign this subcontract to the Government or its designee. Except as to the assignment of payments due, the Subcontractor shall have no right to assign or mortgage the subcontract or any part of it without the prior written approval of the Contract Administrator.

3. LANL 103-A, Disputes (Jan 2007)

(a) *Definitions.* For purposes of this clause:

- 1) "*Board*" means the General Services Board of Contract Appeals or such successor Board as may be established by law.
- 2) "*Arbitration decision*" means a decision of the Board in an arbitration pursuant to this clause.
- 3) "*Claim*" means a written demand or written assertion by either contracting party seeking as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of a subcontract term, or other relief arising under or relating to this subcontract. A voucher, invoice,

GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

or other request for payment or equitable adjustment under the terms of the subcontract that is not in dispute when submitted is not a claim. The Subcontractor may convert such submission into a claim if it is disputed either as to liability or amount, or is not acted upon in a reasonable time, by demanding a decision by the Contract Administrator.

- 4) “*Counterclaim*” means a claim asserted in a pleading filed with the Board in an arbitration proceeding pursuant to this clause which arises from the same occurrence or transaction that is the subject matter of the opposing party’s claim. Counterclaims do not need to be submitted to the Contract Administrator for decision.
 - 5) “*Rules of the Board*” means the Board’s rules promulgated at 41 CFR Part 6101 and 6102 or as promulgated by a successor Board.
- (b) *Nature of the Subcontract.* This subcontract is not a Government contract and, therefore, is not subject to the Contract Disputes Act of 1978 (41 U.S.C. §§601-613). The Subcontractor acknowledges that DOE is not a party to the subcontract and, for purposes of the subcontract, LANS is not an agent of DOE. Consequently, the provision for arbitration by the Board, as provided for in this clause, does not create or imply the existence of privity of contract between the Subcontractor and DOE.
- (c) *Scope of Clause.* The rights and procedures set forth in this clause are the exclusive rights and procedures for resolution of all claims and disputes arising under, or relating to, this subcontract, and no action based upon any claim or dispute arising under, or relating to, this subcontract shall be brought in any court except as provided in this clause. The parties shall be bound by any arbitration decision rendered pursuant to this clause, which shall be vacated, modified, or corrected only as provided in the Federal Arbitration Act (9 U.S.C. §§1-16). An arbitration decision may only be enforced in any court of competent jurisdiction in the State of New Mexico.
- (d) *Filing a Claim/Contract Administrator’s Decision.*
- 1) Unless otherwise provided in this subcontract, the Subcontractor must file any claim against LANS within 60 Days after the Subcontractor knew or should have known the facts giving rise to the claim. Failure to file a claim within the period prescribed by this paragraph shall constitute a waiver of the Subcontractor’s right, if any, to an equitable adjustment under the subcontract.
 - 2) The Subcontractor shall submit any claim in writing to the Contract Administrator who shall issue a decision on the matter within 60 Days of receipt of the claim. If the Contract Administrator fails to issue a decision within 60 Days, the Subcontractor may request mediation or demand for arbitration as provided in paragraphs (e) and (f) of this clause.
 - 3) LANS may, at any time prior to final payment under the subcontract or expiration of any warranty period, whichever is later, file a claim against the Subcontractor by issuing a written decision by the Contract Administrator asserting such a claim.
 - 4) The decision of the Contract Administrator shall be final and conclusive unless the Subcontractor requests mediation or demands arbitration in accordance with the terms of this clause.
- (e) *Request for Mediation.*
- 1) If the decision of the Contract Administrator is not satisfactory to the Subcontractor or the Contract Administrator has failed to timely issue a decision in accordance with subparagraph (d) 2) of this provision and the Subcontractor desires to pursue further action, the Subcontractor may request that the matter be scheduled for mediation. The request for mediation must be made within 45 Days after receipt of the Contract Administrator’s decision.

**Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

- 2) If the Contract Administrator believes that mediation of the dispute is likely to lead to a satisfactory resolution, he or she will so inform the Subcontractor and the matter will be scheduled for mediation. The parties will agree on the format of the mediation and will jointly select the mediator. The cost of the mediator and related expenses shall be divided evenly between the parties.
 - 3) If the Contract Administrator decides that mediation is not likely to lead to a satisfactory resolution of the claim, or that a mediation undertaken pursuant to this clause has been unsuccessful, he or she will so inform the Subcontractor in writing.
- (f) *Demand for Arbitration.* If the decision of the Contract Administrator is not satisfactory to the Subcontractor, or if the Subcontractor's request for mediation has been denied, or a mediation undertaken pursuant to paragraph (e) of this clause has been unsuccessful, or the Contract Administrator has failed to timely issue a decision in accordance with subparagraph (d) 2) of this provision and the Subcontractor desires to pursue further action, the Subcontractor must submit to the Board a written demand for arbitration of the claim within 45 Days after receipt of the Contract Administrator's decision, or within 45 Days after the Contract Administrator notifies the Subcontractor that its request for mediation has been denied or that the mediation undertaken pursuant to paragraph (e) has been unsuccessful, whichever is later.
- (g) *Arbitration Procedures/Costs.* The Board shall arbitrate the claim and any counterclaims in accordance with the Rules of the Board. All claims for \$100,000 or less shall be arbitrated under the Board's Small Claims (Expedited) Procedure (Rule 202). All other claims, regardless of dollar amount, shall be arbitrated under the Board's Accelerated Procedure (Rule 203). Both parties shall be afforded an opportunity to be heard and to present evidence in accordance with the Rules of the Board. Unless the Board orders otherwise, each party shall pay its own costs of prosecuting or defending an arbitration before the Board.
- (h) *Review of Arbitration Decision.* An arbitration decision shall be final and conclusive unless a party files a timely action to vacate, modify, or correct the decision pursuant to the Federal Arbitration Act.
- (i) *Subcontractor Performance Pending Claim Resolution.* The Subcontractor shall proceed diligently with performance of the subcontract and shall comply with any decision of the Contract Administrator pending final resolution of any claim or dispute arising under, or relating to, the subcontract.
- (j) *Choice of Law.* The subcontract shall be governed by federal law as provided in this paragraph. Irrespective of the place of award, execution, or performance, the subcontract shall be construed and interpreted, and its validity determined, according to the federal common law of government contracts as enunciated and applied to prime government contracts by the federal boards of contract appeals and federal courts having appellate jurisdiction over their decisions rendered pursuant to the Contract Disputes Act of 1978. The Federal Arbitration Act, other federal statutes, and federal rules shall govern as applicable. To the extent that federal common law of government contracts is not dispositive, the laws of the State of New Mexico shall apply.
- (k) *Interest.* Interest on amounts adjudicated due and unpaid by a party shall be paid from the date the complaining party files a demand for arbitration with the Board. Interest on claims shall be paid at the rate established by the Secretary of the Treasury of the United States pursuant to Public Law 92-41 (85 Stat. 97).
4. LANL 105, Whistleblower Protection for Subcontractor Employees (Mar 2003)
- (a) This subcontract makes the Subcontractor subject to the regulations at 10 CFR Part 708, DOE contractor Employee Protection Program. The Subcontractor shall inform its employees engaged in

GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

the subcontract work about these regulations by posting a notice at conspicuous places at the subcontract work site which notice shall include the following address where complaints may be filed:

Attention: Whistleblower Protection Officer
United States Department of Energy NNSA
Los Alamos Site Office
528 35th Street
Los Alamos, New Mexico 87544

- (b) The Subcontractor shall include the substance of this clause, including this paragraph (b), in all lower-tier subcontracts entered into pursuant to the subcontract, except for subcontracts for commercial items and components, which are not for commercial services.

5. LANL 106, LANS' Right to Offset (Jan 2007)

LANL may collect any amount determined by the Contract Administrator to be owed to LANS by offsetting the amount against any payment due to the Subcontractor under any subcontract it has with LANS issued pursuant to LANS' contract with DOE/NNSA for management and operation of LANL. Any challenge to the amount of an offset under this clause shall be resolved under the Disputes clause of this subcontract.

6. LANL 107, Clauses Incorporated by Reference (May 2006)

- (a) The Federal Acquisition Regulation (FAR) and the DOE Acquisition Regulation (DEAR) clauses listed below, which are codified in Chapters 1 and 9, respectively, of Title 48 of the Code of Federal Regulations, are, as prescribed below, incorporated into the subcontract by this reference as a part of these General Provisions with the same force and effect as if they were given in full text. The full text of the clauses may be accessed electronically at <http://acquisition.gov/comp/far/index.html> (FAR) and <http://professionals.pr.doe.gov/ma5/MA-5Web.nsf/Procurement/Acquisition+Regulation?OpenDocument> (DEAR).
- (b) The Subcontractor is bound by each of the FAR and DEAR clauses listed in this clause to the same extent that a prime contractor would be bound to the Government in a prime contract with the same clauses. The application of these clauses to the subcontract is governed solely by the provisions of this clause and not by guidance provided in the FAR and DEAR.
- (c) Wherever necessary to make the context of the unmodified FAR and DEAR clauses applicable to this subcontract:
- 1) The term "Contractor" and "contract" shall mean "Subcontractor" and "subcontract," except when the reference is to the "prime contractor" and "prime contract;"
 - 2) The term "Government," "Contracting Officer" and equivalent phrases shall mean "LANS and/or LAN'S representative"; except the terms "Government" and "Contracting Officer" do not change:
 - (i) In the phrases "Government Property," "Government-Furnished Property," and "Government-Owned Property;"
 - (ii) In any patent clauses incorporated herein;
 - (iii) When a right, act, authorization or obligation can be granted or performed only by the Government or the prime contract Contracting Officer or his duly authorized representative;
 - (iv) When title to property is to be transferred directly to the Government;

**Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

- (v) When access to proprietary financial information or other proprietary data is required except for authorized audit rights; and
- (vi) Where specifically modified herein.
- 3) For authorized audit rights, the term "Contracting Officer, or an authorized representative of the Contracting Officer" shall also include "LANS, or an authorized representative of LANS."
- (d) The following clauses apply to this subcontract regardless of the amount of the subcontract price, unless otherwise noted:
 - 6-1 FAR 52.222-3, Convict Labor (Jun 2003)
 - 6-2 FAR 52.222-21, Prohibition of Segregated Facilities (Feb 1999)

6-57 DEAR 952.250-70, Nuclear Hazards Indemnity Agreement (Jun 1996)

Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS

- (x) The following clause applies in all classified subcontracts and those subcontracts where the nature of the work or classified subject matter involved in the work reasonably might be expected to result in a patent application containing classified subject matter:

6-1 FAR 52.227-10, Filing of Patent Applications – Classified Subject Matter (Apr 1984)

7. LANL 125, Lobbying (May 2006)

Subcontractor certifies that it has not and shall not communicate with any U.S. Government personnel (including without limitation an Executive Branch employee, a Member of Congress, or an employee of Congress) for the purpose of influencing such personnel on behalf of LANS in connection with the award of any federal contract or the extension, continuation, renewal, amendment or modification of a federal contract. In addition, Subcontractor will not perform any lobbying of federal, state or local officials without express written authorization from the Contract Administrator. Subcontractor will segregate all costs and expenses for any tasks that involve approved lobbying activities.

8. LANL 126, Publicity, Advertising and Release of Information (May 2006)

Subcontractor shall not make any announcement, take any photographs, or release any information concerning this subcontract, or the Laboratory, or any part thereof to any member of the public, press, business entity, or any official body unless prior written consent is obtained from the Contract Administrator. Publication or other presentation of material, data, record charts, graphs, or other records developed or maintained under this subcontract is prohibited except as approved in writing in advance by the Classification Office. All Subcontractor requests for review and approval shall be addressed to the Contract Administrator.

9. LANL 127, Non-Waiver (May 2006)

- (a) None of the following shall operate as, or be deemed to be, a waiver or release of Subcontractor's obligations under this subcontract:

- 1) Failure by LANS to insist upon strict performance of any terms or conditions of this subcontract;
- 2) Failure or delay to exercise any rights or remedies provided herein or by law;
- 3) The acceptance of or payment for any goods or services hereunder;
- 4) Failure to properly notify Subcontractor in the event of breach of any obligation;
- 5) The review or failure by LANS to review Subcontractor submissions;
- 6) The inspection and test by LANS or the failure to inspect and test the work; and
- 7) The termination either in whole or in part of work under this subcontract.

- (b) LANS reserves the right to insist upon strict performance hereof, and to exercise any of its rights or remedies as to any prior or subsequent default hereunder.

10. LANL 130, Subcontracts with LANS' Team Members and Team Member Affiliates (Jul 2006)

- (a) As used in this provision:

Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS

- 1) Team Members means any of the following entities: Bechtel National, Inc., the Regents of the University of California, Washington Group International, Inc., BWX Technologies, Inc., Professional Project Services, Inc. and DreamTech Solutions, LLC doing business as Ngenuity.
 - 2) Team Member Affiliate means any person or entity which is a wholly owned, majority owned, or otherwise an affiliate of any Team Member. The term 'affiliate' is defined at FAR. 2.101.
- (b) Because of restrictions in the contract between NNSA and LANS concerning the payment of fee or profit when subcontracting with any Team Member or any Team Member Affiliate, as well as Organizational Conflict of Interest concerns, neither a Subcontractor nor any tier of its lower tier subcontractors or suppliers shall enter into a subcontract with any Team Member or any Team Member Affiliate to provide goods or services under this subcontract without the advance written approval of the Contract Administrator.
- (c) Subcontractors shall include the substance of this provision in all lower tier subcontracts and purchase orders.

11. LANL 201-A, Allowable Cost and Payment (Apr 2006)

- (a) *Invoicing.* LANS shall make payments to the Subcontractor when requested as work progresses, but (except for small business concerns) not more often than once every 2 weeks, in amounts determined to be allowable by the Contract Administrator in accordance with Subpart 31.2 of the Federal Acquisition Regulation (FAR) in effect on the date of this subcontract and the terms of this subcontract. The Subcontractor may submit to an authorized representative of the Contract Administrator, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost for performing this subcontract.
- (b) *Reimbursing costs.*
- 1) For the purpose of reimbursing allowable costs (except as provided in subparagraph (b) 2) of this clause, with respect to pension, deferred profit sharing, and employee stock ownership plan contributions), the term "costs" includes only--
 - (vii) Those recorded costs that, at the time of the request for reimbursement, the Subcontractor has paid by cash, check, or other form of actual payment for items or services purchased directly for the subcontract;
 - (viii) When the Subcontractor is not delinquent in paying costs of subcontract performance in the ordinary course of business, costs incurred, but not necessarily paid, for--
 - (A) Supplies and services purchased directly for the subcontract and associated financing payments to lower-tier subcontractors, provided payments will be made--
 - (1) In accordance with the terms and conditions of a subcontract or invoice; and
 - (2) Ordinarily prior to the submission of the Subcontractor's next payment request to LANS;
 - (B) Materials issued from the Subcontractor's inventory and placed in the production process for use on the subcontract;
 - (C) Direct labor;
 - (D) Direct travel;

**Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

- (E) Other direct in-house costs; and
 - (F) Properly allocable and allowable indirect costs, as shown in the records maintained by the Subcontractor for purposes of obtaining reimbursement under Government contracts and subcontracts; and
 - (ix) The amount of financing payments that have been paid by cash, check, or other forms of payment to lower-tier subcontractors.
- 2) Accrued costs of Subcontractor contributions under employee pension plans shall be excluded until actually paid unless--
- (i) The Subcontractor's practice is to make contributions to the retirement fund quarterly or more frequently; and
 - (ii) The contribution does not remain unpaid 30 Days after the end of the applicable quarter or shorter payment period (any contribution remaining unpaid shall be excluded from the Subcontractor's indirect costs for payment purposes).
- 3) Notwithstanding the audit and adjustment of invoices or vouchers under paragraph (g) of this clause, allowable indirect costs under this subcontract shall be obtained by applying indirect cost rates established in accordance with paragraph (d) of this clause.
- 4) Any statements in specifications or other documents incorporated in this subcontract by reference designating performance of services or furnishing of materials at the Subcontractor's expense or at no cost to LANS shall be disregarded for purposes of cost-reimbursement under this clause.
- (c) *Small business concerns.* A small business concern may receive more frequent payments than every 2 weeks.
- (d) *Final indirect cost rates.*
- 1) Final annual indirect cost rates and the appropriate bases shall be established in accordance with Subpart 42.7 of the Federal Acquisition Regulation (FAR) in effect for the period covered by the indirect cost rate proposal.
 - 2)
 - (i) The Subcontractor shall submit an adequate final indirect cost rate proposal to the Contract Administrator (or cognizant Federal agency official) and auditor within the 6-month period following the expiration of each of its fiscal years. Reasonable extensions, for exceptional circumstances only, may be requested in writing by the Subcontractor and granted in writing by the Contract Administrator. The Subcontractor shall support its proposal with adequate supporting data.
 - (ii) The proposed rates shall be based on the Subcontractor's actual cost experience for that period. The appropriate LANS' representative and the Subcontractor shall establish the final indirect cost rates as promptly as practical after receipt of the Subcontractor's proposal.
 - 3) The Subcontractor and the appropriate LANS' representative shall execute a written understanding setting forth the final indirect cost rates. The understanding shall specify (i) the agreed-upon final annual indirect cost rates, (ii) the bases to which the rates apply, (iii) the periods for which the rates apply, (iv) any specific indirect cost items treated as direct costs in the settlement, and (v) the affected contract and/or subcontract, identifying any with advance

COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS

agreements or special terms and the applicable rates. The understanding shall not change any monetary ceiling, contract obligation, or specific cost allowance or disallowance provided for in this subcontract. The understanding is incorporated into this subcontract upon execution.

- 4) Within 120 Days after settlement of the final indirect cost rates covering the year in which this subcontract is physically complete (or longer, if approved in writing by the Contract Administrator), the Subcontractor shall submit a completion invoice or voucher to reflect the settled amounts and rates.
 - 5) Failure by the parties to agree on a final annual indirect cost rate shall be a dispute within the meaning of the Disputes clause.
- (e) *Billing rates.* Until final annual indirect cost rates are established for any period, LANS shall reimburse the Subcontractor at billing rates established by the Contract Administrator or by an authorized representative (the cognizant auditor), subject to adjustment when the final rates are established. These billing rates--
- 1) Shall be the anticipated final rates; and
 - 2) May be prospectively or retroactively revised by mutual agreement, at either party's request, to prevent substantial overpayment or underpayment.
- (f) *Quick-closeout procedures.* Quick-closeout procedures are applicable when the conditions in FAR 42.708(a) are satisfied.
- (g) *Audit.* At any time or times before final payment, the Contract Administrator may have the Subcontractor's invoices or vouchers and statements of cost audited. Any payment may be--
- 1) Reduced by amounts found by the Contract Administrator not to constitute allowable costs; or
 - 2) Adjusted for prior overpayments or underpayments.
- (h) *Final payment.*
- 1) Upon approval of a completion invoice or voucher submitted by the Subcontractor in accordance with paragraph (d)4) of this clause, and upon the Subcontractor's compliance with all terms of this subcontract, LANS shall promptly pay any balance of allowable costs and that part of the fee (if any) not previously paid.
 - 2) The Subcontractor shall pay to LANS any refunds, rebates, credits, or other amounts (including interest, if any) accruing to or received by the Subcontractor or any assignee under this subcontract, to the extent that those amounts are properly allocable to costs for which the Subcontractor has been reimbursed by LANS. Reasonable expenses incurred by the Subcontractor for securing refunds, rebates, credits, or other amounts shall be allowable costs if approved by the Contract Administrator. Before final payment under this subcontract, the Subcontractor and each assignee whose assignment is in effect at the time of final payment shall execute and deliver--
 - (i) An assignment to LANS, in form and substance satisfactory to the Contract Administrator, of refunds, rebates, credits, or other amounts (including interest, if any) properly allocable to costs for which the Subcontractor has been reimbursed by LANS under this subcontract; and
 - (ii) A release discharging LANS, its officers, agents, and employees from all liabilities, obligations, and claims arising out of or under this subcontract, except--

GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS

- (A) Specified claims stated in exact amounts or in estimated amounts when the exact amounts are not known;
- (B) Claims (including reasonable incidental expenses) based upon liabilities of the Subcontractor to third parties arising out of the performance of this subcontract; provided, that the claims are not known to the Subcontractor on the date of the execution of the release, and that the Subcontractor gives notice of the claims in writing to the Contract Administrator within 6 years following the release date or notice of final payment date, whichever is earlier; and
- (C) Claims for reimbursement of costs, including reasonable incidental expenses, incurred by the Subcontractor under the patent clauses of this subcontract, excluding, however, any expenses arising from the Subcontractor's indemnification of LANS and Government against patent liability.

12. LANL 209, Accounts, Records, and Inspection (Apr 2006)

- (a) *Accounts.* The Subcontractor shall maintain a separate and distinct set of accounts, records, documents, and other evidence showing and supporting: all allowable costs incurred; collections accruing to the Subcontractor in connection with the work under this subcontract, other applicable credits, and fee accruals under this subcontract; and the receipt, use, and disposition of all Government property coming into the possession of the Subcontractor under this subcontract. The system of accounts employed by the Subcontractor shall be satisfactory to LANS and NNSA and in accordance with generally accepted accounting principles consistently applied.
- (b) *Inspection and audit of accounts and records.* All books of account and records relating to this subcontract shall be subject to inspection and audit by LANS, NNSA or their designees, at all reasonable times, before and during the period of retention provided for in paragraph (d) of this clause, and the Subcontractor shall afford LANS and NNSA proper facilities for such inspection and audit.
- (c) *Audit of Lower Tier Subcontractors' records.* The Subcontractor also agrees, with respect to any lower tier subcontracts (including fixed-price or unit-price subcontracts or purchase orders) where, under the terms of the lower tier subcontract, costs incurred are a factor in determining the amount payable to the subcontractor of any tier, to either conduct an audit of the lower tier subcontractor's costs or arrange for such an audit to be performed by the cognizant government audit agency through the Contract Administrator.
- (d) *Disposition of records.* Except as agreed upon by LANS/NNSA and the Subcontractor, all financial and cost reports, books of account and supporting documents, system files, data bases, and other data evidencing costs allowable, collections accruing to the Subcontractor in connection with the work under this subcontract, other applicable credits, and fee accruals under this subcontract, shall be the property of the Government, and shall be delivered to LANS or otherwise disposed of by the Subcontractor either as the Contract Administrator may from time to time direct during the progress of the work or, in any event, as the Contract Administrator shall direct upon completion or termination of this subcontract and final audit of accounts hereunder. Except as otherwise provided in this subcontract, all other records in the possession of the Subcontractor relating to this subcontract shall be preserved by the Subcontractor for a period of three years after final payment under this subcontract or otherwise disposed of in such manner as may be agreed upon by LANS and the Subcontractor.

**Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

- (e) *Reports.* The Subcontractor shall furnish such progress reports and schedules, financial and cost reports, and other reports concerning the work under this subcontract as the Contract Administrator may from time to time require.
- (f) *Inspections.* LANS and NNSA shall have the right to inspect the work and activities of the Subcontractor under this subcontract at such time and in such manner as they shall deem appropriate.
- (g) *Lower Tier Subcontracts.* The Subcontractor further agrees to require the inclusion of provisions similar to those in paragraphs (a) through (g) and paragraph (i) of this clause in all subcontracts (including fixed-price or unit-price subcontracts or purchase orders) of any tier entered into hereunder where, under the terms of such subcontract, costs incurred are a factor in determining the amount payable to the lower tier subcontractor.
- (h) *[Removed and Reserved]*
- (i) *Internal Audit.* The Subcontractor agrees to establish and maintain an internal audit activity and provide the following reports:
 - 1) *Internal Audit Implementation Design.* Within thirty (30) Days of subcontract award and each 5th year of subcontract performance or upon the exercise of any subcontract option or the extension of the subcontract, the Subcontractor shall submit to the Contract Administrator an Internal Audit Implementation Design to include the overall strategy for the audit activity. The Implementation Design will describe (i) the audit activity's placement within the Subcontractor's organization including reporting requirements; (ii) its size and the experience and educational standards of the audit staff; (iii) its relationship to the corporate parent(s) of the Subcontractor; (iv) the standards used to audit; (v) an overall audit strategy for relevant performance period of this subcontract, considering particularly the method of auditing costs incurred in the performance of the subcontract; (vi) the intended use of external audit resources; (vii) the plan for audit, both pre-award and post-award of lower tier subcontracts; and (viii) the schedule of peer review of the internal audit activity by other LANS/NNSA internal audit activities.
 - 2) *Annual Audit Report.* By each January 31 of the subcontract performance period, the Subcontractor shall submit an annual audit report, providing a summary of the audit activities undertaken during the previous fiscal year and their results.
 - 3) *Annual Audit Plan.* By each June 30 of the subcontract performance period, the Subcontractor shall submit to the Contract Administrator an annual audit plan that reflects the activities to be undertaken during the next fiscal year. The Subcontractor shall design the Annual Audit Plan to test the costs incurred and Subcontractor management systems described in the internal audit design.
 - 4) *Contract Administrator's satisfaction.* The design of the internal audit activity submitted under subparagraph (1), the annual report submitted under subparagraph (2), and the annual audit plan submitted under subparagraph (3) shall be satisfactory to the Contract Administrator.

13. LANL 220, New Mexico Gross Receipts Tax (Jul 2006)

The Subcontractor is required to pay such New Mexico Gross Receipts Tax (NMGR) as may be required by law. LANS will issue a New Mexico Nontaxable Transaction Certificate (NTTC) to all Subcontractors who provide goods or services to LANS, on the condition that the Subcontractor only use the NTTC as permitted by New Mexico law. In no event will the payment of NMGR by the Subcontractor or its immediate and lower-tier subcontractors be considered an allowable cost under this subcontract if the

Subcontractor or its immediate and lower-tier subcontractors are eligible for applicable deductions or exemptions from NMGRS under New Mexico law.

14. LANL 301, Environment, Safety, and Health--Work Planning and Execution (Apr 2006) [This clause applies only if work is performed on-site at Los Alamos National Laboratory.]

- (a) For purposes of this clause, the term "employee" includes subcontractor employees at any tier.
- (b) The Subcontractor shall perform the subcontract work safely, in a manner that ensures adequate protection for employees, the public, and the environment. The Subcontractor shall exercise a degree of care commensurate with the work and the associated hazards. The Subcontractor shall ensure that management of environmental, safety, and health (ES&H) functions and activities are an integral and visible part of the Subcontractor's work planning and execution processes. The Subcontractor shall, in the performance of the work, ensure that:
 - 1) Line management is responsible for the protection of employees, the public, and the environment. Line management includes those employees, at whatever tier, managing and supervising the work.
 - 2) Clear and unambiguous lines of authority and responsibility for ES&H matters are established and maintained.
 - 3) Employees possess the experience, knowledge, skills, and abilities that are necessary to discharge their responsibilities.
 - 4) Resources are effectively allocated to address ES&H considerations and ES&H issues are given priority.
 - 5) Before work is performed, the associated hazards are evaluated and ES&H standards and requirements are established for the work, which if properly implemented, provide adequate protection for employees, the public, and the environment.
 - 6) Administrative and engineering controls to prevent injury to employees and harm to the environment are tailored to the hazards of the work being performed.
- (c) In order to accomplish the requirement of paragraph (b) above, the Subcontractor shall have in place safety management procedures which assure that:
 - 1) before work is performed, the scope of the work is defined; hazards associated with the work are identified and analyzed; and hazard controls are developed and implemented; and
 - 2) during performance, the work is carried out within the controls developed and feedback on the adequacy of the controls is provided to improve overall safety management.
- (d) The Subcontractor shall comply with ES&H requirements of all applicable laws and regulations and with DOE Directives and other requirements which are identified in the subcontract. The Subcontractor shall cooperate with federal and state agencies having jurisdiction over ES&H matters under the subcontract.
- (e) The Subcontractor shall promptly evaluate and resolve any noncompliance with applicable ES&H requirements. If the Subcontractor fails to provide resolution or if, at any time, the Subcontractor's acts or failure to act causes substantial harm or an imminent danger to the environment or health and safety of employees or the public, the Contract Administrator may issue an order stopping work in whole or in part. Any stop work order issued by the Contract Administrator under this clause (or

**Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

issued by the Subcontractor to a lower-tier subcontractor) shall be without prejudice to any other legal or contractual rights of LANS. In the event that the Contract Administrator issues a stop work order, an order authorizing the resumption of the work may be issued at the discretion of the Contract Administrator. The Subcontractor shall not be entitled to an extension of time or additional fee, costs, or damages by reason of, or in connection with, any work stoppage ordered in accordance with this clause.

- (f) Regardless of the performer of the work, the Subcontractor is responsible for compliance with ES&H requirements applicable to the work.
- (g) The Subcontractor shall include a clause substantially the same as this clause in subcontracts under the subcontract for work on site. The Subcontractor is responsible for flowing down to its subcontractors any other requirements of the subcontract related to ES&H matters to the extent necessary to ensure subcontractors' compliance with such requirements.

15. LANL 302, Indemnification and Hold Harmless (May 2006)

- (a) To the maximum extent permitted by applicable law, but no further, Subcontractor hereby releases and shall indemnify, defend and hold harmless LANS, the Government and their subsidiaries and affiliates and the officers, agents, employees, successors and assigns and authorized representatives of all the foregoing from and against any and all suits, actions, legal or administrative proceedings, claims, demands, damages, liabilities, interest, attorney's fees, costs, expenses, and losses of whatsoever kind or nature (collectively "Losses") in connection with or incidental to the performance of this subcontract, whether arising before or after completion of the work hereunder and in any manner directly or indirectly caused, occasioned, or contributed to in whole or in part, or claimed to be caused, occasioned or contributed to in whole or in part, by reason of any act, omission, fault or negligence whether active or passive of Subcontractor, its lower-tier suppliers, subcontractors or of anyone acting under its direction or control or on its behalf. Notwithstanding the foregoing, however, to the extent such Losses result from the negligence, act or omission of the indemnified party, Subcontractor's liability for such Losses shall only apply to the extent such Losses are caused by, or arise out of the acts, omissions, fault or negligence of Subcontractor or its lower-tier suppliers, subcontractors or of anyone acting under its direction or control or on its behalf.
- (b) The foregoing shall include, but is not limited to, indemnity for:
 - 1) Property damage and injury to or death of any person, including employees of LANS, Government or Subcontractor.
 - 2) The breach by Subcontractor of any representation, warranty, covenant, or performance obligation of this subcontract.

16. LANL 303, Control and Removal of Subcontractor Employees Working on Site (Apr 2006) [This clause applies only if work is performed on-site at Los Alamos National Laboratory.]

- (a) The Subcontractor shall be responsible for maintaining satisfactory standards of employee competency, conduct, integrity, and compliance with subcontract requirements including site-specific requirements. Should the Contract Administrator determine that an employee of the Subcontractor or its lower-tier subcontractors fails to meet any of these standards, the Subcontractor shall immediately remove such person from the work site, and that person shall not again, without written permission of the Contract Administrator, be allowed back on the work site.
- (b) LANS, in its sole discretion, may temporarily or permanently bar from the work site and any location at the Laboratory any employee of the Subcontractor or its lower-tier subcontractors who does not

Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS

work in a safe manner, as demonstrated either by repeated violations or a single serious violation of safety requirements applicable to the subcontract work.

- (c) The Subcontractor will not be compensated for any costs resulting from its removal of employees from the work site or from LANS barring an employee from the work site and the Laboratory.
- (d) The Subcontractor shall include this clause, including this paragraph (d) in all lower-tier subcontracts which require work to be performed at LANL.

17. LANL 304, Compliance with Laboratory Site Health and Safety Requirements (Apr 2006) [This clause applies only if work is performed on-site at Los Alamos National Laboratory.]

- (a) The Subcontractor shall comply and shall be responsible for the compliance of its lower-tier subcontractors with all DOE/NNSA and Laboratory health and safety requirements, including reporting requirements, and with the regulations and standards of the Occupational Safety and Health Administration (OSHA). In addition the Subcontractor shall require its employees and the employees of its lower-tier subcontractors to comply with Los Alamos National Laboratory Administrative Manual (AM) 110, Substance Abuse to the same extent as LANS' employees.
- (b) If requested by the Contract Administrator, the Subcontractor shall submit a safety management program and implementation plan to the Contract Administrator for review and approval. Such program and plan, if required, shall be submitted within 25 Days of the effective date of the subcontract.
- (c) Failure of the Subcontractor to comply with the health and safety requirements identified in this clause and other clauses of the subcontract, or with any corrective action directed by the Contract Administrator to achieve compliance with such requirements, shall be cause for the Contract Administrator, in his/her sole discretion, to suspend work under the General Provision entitled *Environment, Safety, and Health—Work Planning and Execution*, or to terminate the subcontract for default under the General Provision entitled *Termination for Cause*. A suspension of the subcontract work or a termination of the subcontract for failure to comply with health and safety requirements will be considered in determining whether the Subcontractor, or any of its lower-tier subcontractors whose actions led to the suspension or default termination, is a responsible bidder or offeror for any subsequent subcontract with LANS.

18. LANL 307-A, Insurance—Cost Reimbursement Subcontracts (Jan 2007)

- (a) Subcontractor shall maintain in effect at all times during the performance of the work insurance coverage with limits not less than those set forth below and with insurers and under forms of policies satisfactory to LANS:
 - 1) Workers' Compensation as required by any applicable law or regulation. However, if there is an exposure of injury to Subcontractor's employees under the U.S. Longshoremen's and Harbor Workers' Compensation Act, the Jones Act or under laws, regulations or statutes applicable to maritime employees, coverage shall be included for such injuries or claims.
 - 2) Employer's Liability of not less than \$500,000 each accident.
 - 3) Commercial General Liability with limits of liability for bodily injury, property damage and personal injury of not less than:
 - \$ 500,000 Combined single limit for Bodily Injury and Property Damage each occurrence;
 - \$ 500,000 Personal Injury Limit each occurrence;
 - \$1,000,000 Products-Completed Operations Aggregate Limit; and

GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

\$1,000,000 General Annual Aggregate Limit (other than Products-Completed Operations).

- 4) Automobile Liability (Owned, hired and non-owned) with combined single limits of liability for bodily injury or property damage of not less than \$500,000 any one occurrence.
- 5) In the event Subcontractor maintains insurance covering loss or damage to equipment, tools, or any other property of Subcontractor such insurance shall include an Insurer's waiver of subrogation in favor of Government, LANS and its members: Bechtel National, Inc., the Regents of the University of California, Washington Group International, Inc., BWX Technologies, Inc., and their respective subsidiaries and affiliates.

(b) *[Removed and Reserved]*

- (c) The insurance coverage listed in paragraph (a) 3) of this provision shall apply to Subcontractor's indemnity obligations in LANL General Provision entitled "Indemnification and Hold Harmless" and shall include Government, LANS and its members: Bechtel National, Inc., the Regents of the University of California, Washington Group International, Inc., BWX Technologies, Inc., and their respective subsidiaries and affiliates, and the officers, directors, and employees of the foregoing each as an Additional Insured, but only with respect to liability arising out of operations for LANS and Government by or for the Subcontractor, and only to the maximum extent permitted by applicable law but no further. Such insurance shall be primary as respects the Additional Insureds and shall include a cross liability clause. Such insurance shall be on an occurrence policy form; not a claims made form and shall contain an Insurer's waiver of subrogation in favor of the Additional Insureds.

(d) Special Operations Coverage: Should any of the Work:

- 1) Involve marine operations, Subcontractor shall provide or have provided coverage for liabilities arising out of such marine operations, including contractual liability under its Commercial General Liability Insurance or Marine Hull and Machinery Insurance and Protection and Indemnity Insurance. In the event such marine operations involve any Subcontractor owned, hired, chartered, or operated vessels, barges, tugs or other marine equipment, Subcontractor agrees to provide or have provided Marine Hull and Machinery Insurance and Protection and Indemnity Insurance and/or Charterer's Liability Insurance. The combined limit of the Protection and Indemnity Insurance and/or Charterer's Liability Insurance shall be no less than the market value of the vessel. The Protection and Indemnity and/or Charterer's liability and the Hull and Machinery coverages shall include coverage for contractual liability, wreck removal, Tower's liability if applicable; and full collision coverage and shall be endorsed:
 - (i) To provide full coverage to Government, LANS and its members: Bechtel National, Inc., the Regents of the University of California, Washington Group International, Inc., BWX Technologies, Inc., and their respective subsidiaries and affiliates, and the officers, directors, and employees of the foregoing each as Additional Insured without limiting coverage to liability "as owner of the vessel" and to delete any "as owner" clause or other language that would limit coverage to liability of an insured "as owner of the vessel;" and
 - (ii) To waive any limit to full coverage for the Additional Insureds provided by any applicable liability statute.

All marine insurances provided by Subcontractor shall include an Insurer's waiver of subrogation in favor of the Additional Insureds.

- 2) Involve aircraft (fixed wing or helicopter) owned, operated or chartered by the Subcontractor, liability arising out of such aircraft shall be insured for a combined single limit not less than \$10,000,000 each occurrence and such limit shall apply to Bodily Injury (including passengers)

and Property Damage Liability. Such insurance shall name Government, LANS and its members: Bechtel National, Inc., the Regents of the University of California, Washington Group International, Inc., BWX Technologies, Inc., and their respective subsidiaries and affiliates, and the officers, directors, and employees of the foregoing each as an Additional Insured, include an Insurer's waiver of subrogation in favor of the Additional Insureds, state that it is primary insurance as regards the Additional Insureds and contain a cross-liability or severability of interest clause. If the aircraft hull is insured such insurance shall provide for an Insurer's waiver of subrogation rights in favor of Government, LANS and its members: Bechtel National, Inc., the Regents of the University of California, Washington Group International, Inc., BWX Technologies, Inc., and their respective subsidiaries and affiliates. In the event Subcontractor charts aircraft, the foregoing insurance and evidence of insurance may be furnished by the owner of the chartered aircraft, provided the above requirements are met.

- 3) Involve investigation, removal or remedial action concerning the actual or threatened escape of hazardous substances, Subcontractor shall also carry Pollution Liability Insurance in an amount not less than \$2,000,000 per occurrence/annual aggregate. If Completed Operations is limited in the policy, such Completed Operation Coverage shall be for a period of not less than five (5) years. Such insurance shall include a three (3) year extended discovery period and shall name LANS and its members: Bechtel National, Inc., the Regents of the University of California, Washington Group International, Inc., BWX Technologies, Inc., and their respective subsidiaries and affiliates, and Government as Additional Insureds.
 - 4) Involve inspection, handling or removal of asbestos, Subcontractor shall also carry Asbestos Liability Insurance in an amount not less than \$2,000,000 per occurrence/annual aggregate. The policy shall be written on an "Occurrence Basis" with no sunset clause. Such insurance shall name LANS and its members: Bechtel National, Inc., the Regents of the University of California, Washington Group International, Inc., BWX Technologies, Inc., and their respective subsidiaries and affiliates, and Government as Additional Insureds.
 - 5) Involve transporting hazardous substances, Subcontractor shall also carry Business Automobile Insurance covering liability arising out of the transportation of hazardous materials in an amount not less than \$2,000,000 per occurrence. Such policy shall include Motor Carrier Endorsement MCS-90. NEITHER LANS, NOR LANS' MEMBERS, NOR GOVERNMENT IS TO BE NAMED AN ADDITIONAL INSURED FOR THIS POLICY.
 - 6) Involve treatment, storage or disposal of hazardous wastes, Subcontractor shall furnish an insurance certificate from the designated disposal facility establishing that the facility operator maintains current Environmental Liability Insurance in the amount of not less than \$5,000,000 per occurrence/annual aggregate.
- (e) Neither LANS nor Government is maintaining any insurance on behalf of Subcontractor covering loss or damage to the Work or to any other property of Subcontractor unless otherwise specifically set forth herein.
- (f) None of the requirements contained herein as to types, limits and approval of insurance coverage to be maintained by Subcontractor are intended to and shall not in any manner limit or qualify the liability and obligations assumed by Subcontractor under this subcontract.
- (g) Subcontractor shall deliver to LANS no later than ten (10) Days after subcontract award, but in any event prior to commencing the work or entering on site, Certificates of Insurance evidencing such coverage and limits of insurance are in full force and effect. Certificates shall be issued in a form acceptable to LANS and provide that not less than thirty (30) Days advance written notice will be given to LANS prior to cancellation, termination or material alteration of such policies. Certificates shall identify on their face the subcontract number, and include endorsements evidencing all

coverages and terms required under this general provision. Original certificates, endorsements, and any notices of policy change shall be delivered to the Contract Administrator.

19. LANL 308, On-site Use of Radioactive Devices (Jun 2002) [This clause applies only if work is performed on-site at Los Alamos National Laboratory.]

No radioactive material may be used or stored at the work site unless approved in advance in writing by the Contract Administrator.

20. LANL 309, Liability for Fines and Penalties (Apr 2006)

The Subcontractor shall be responsible, at no expense to LANS, for the payment of all fines, penalties, and other assessments imposed as a result of the Subcontractor's performance of the subcontract work. If the fine, penalty, or other assessment results in part from the actions or failure to act of LANS or its employees, LANS will be responsible for its *pro rata* share of such fine, penalty, or assessment. If, for any reason, LANS is required to pay the fine, penalty, or other assessment for which the Subcontractor is liable under this clause, the subcontract price or allowable costs, as applicable, shall be reduced by the amount of such fine, penalty, or other assessment.

21. LANL 310, Security Procedures (Jul 2006) [This clause applies only if work is performed on-site at Los Alamos National Laboratory.]

- (a) Badges Required for Work on Site. All employees of the Subcontractor and its lower-tier subcontractors who will be assigned to work on site at LANL, hereinafter called "Subcontract Worker(s)", must obtain a badge issued by the LANL Badge Office. Badges will be Uncleared, L Cleared, or Q Cleared, as appropriate for the type and the location of work. Unless otherwise provided in this clause, the Subcontractor shall make requests for badges through the Subcontract Technical Representative (STR) or through the Contract Administrator. Note: Successful completion of General Employee Training (GET) is required for all Subcontract Workers who will be on site for 10 days or more within a one year period.
- (b) Final Payment and Disposition of Badges. All badges issued by the LANL Badge Office are accountable. It is the Subcontractor's responsibility to ensure that badges issued to Subcontract Workers are returned to the LANL Badge Office immediately upon demand, upon completion of the subcontract, when no longer needed or valid, or if a badge is damaged. The Contract Administrator may withhold final payment to the Subcontractor until all badges are returned or as otherwise directed by the Contract Administrator.
- (c) Non-U.S. Citizens on the Work Site. The Subcontractor shall take effective measures to determine the citizenship of all Subcontract Workers and shall not permit persons who are not United States citizens to enter the work site except as provided in this clause. If the Subcontractor intends to employ non-U.S. citizens, the Subcontractor must comply with LANL Foreign Visits and Assignments requirements, and obtain approval for such individuals to enter the work site pursuant to those requirements. Copies of the Foreign Visits and Assignments requirements may be obtained from the Contract Administrator. There is no assurance that LANS will grant any particular request for access by a non-U.S. citizen pursuant to these procedures. The presence of non-U.S. citizens on the work site without appropriate approval could result in termination of the subcontract.
- (d) Name, Address, Social Security Number and Citizenship of Subcontract Workers. Upon request by the Contract Administrator, the Subcontractor shall provide the full legal name of any Subcontract Worker together with such individual's date of birth, address, social security number and citizenship.
- (e) Actions Affecting Security Fences. The Subcontractor shall make arrangements through the Contract Administrator to assure that adequate access control is maintained at any temporary opening. At the

**Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

end of each work day, the Subcontractor shall repair, replace, or provide adequate barriers to preclude unauthorized entry into Security Areas through the holes dug or cuts in security fences or through modified gates or other alteration of the security perimeters. Such work shall be inspected and approved by the Contract Administrator or his/her designee.

- (f) Persons and Personal Property Subject to Search. All persons and their personal property are subject to search when on LANL grounds or LANS' leased facilities. Persons entering these premises shall conduct themselves in accordance with Federal and State laws, and LANL requirements.
- (g) Access to Areas Requiring "L" or "Q" Clearances.
- 1) Prior to performing any work on site, the Subcontractor shall meet with security representatives from SEC-PPS1 Requirement Integration Team to review security measures that apply to the subcontract work and Subcontract Workers.
 - 2) All Subcontract Workers shall possess a DOE "uncleared", "L" or "Q" access authorization or have been issued a generic uncleared U.S. citizen visitor's badge. Those Subcontract Workers who have been issued generic uncleared U.S. citizen visitor's badges shall be escorted at all times by a person possessing a DOE "Q" or "L" access authorization as appropriate for the area.
 - 3) The following procedures apply in order to obtain a generic uncleared U.S. citizen visitor's badge for uncleared U.C. citizens:
 - (i) The Subcontractor shall submit to the STR or Contract Administrator the following information for each Subcontract Worker:
 - (A) full name as shown on picture identification;
 - (B) name of company person is employed by; and
 - (C) verbal affirmation of U.S. citizenship.
 - (ii) The Subcontractor shall submit to the Contract Administrator the full name, the company name, and Z number of each individual who will act as Escort.
 - 4) Payment for escort services shall be the responsibility of the Subcontractor, unless otherwise specified in the subcontract.
 - 5) Escorts must maintain visual contact with all uncleared personnel at all times. One individual may escort no more than five persons.
 - 6) Each escort will be issued a block of a generic uncleared U.S. citizen visitor's badges that the escort is to issue and collect each day. All uncleared Subcontract Workers must carry a valid, government issued photo identification, such as a driver's license, while in the security area.
 - 7) The Subcontractor shall submit to the Contract Administrator the make, year, and license number of all vehicles that are to access the site, as well as a description of all self-propelled equipment to be used in the site.
 - 8) Alcoholic beverages, dangerous weapons, explosives, and other dangerous instruments or material likely to produce substantial injury or damage to persons or property are prohibited from being brought on site. Approval must be obtained from the Contract Administrator prior to:
 - (i) bringing 2-way radios and 2-way pagers on site; when requesting approval, the Subcontractor shall provide the Contract Administrator with a list of the type of equipment, receiver and/or transmitter, make, model, and operating frequency range;

Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS

- (ii) taking photographs or video on site; and
 - (iii) taking equipment such as cameras, cellular phones, computers, or other personal electronics into any security area.
- 9) Vehicles driven by uncleared drivers delivering construction materials or other supplies will be permitted to enter security areas provided they have been issued a generic uncleared U.S. citizen visitor's badge and are under escort by personnel possessing "Q" or "L" access authorization as appropriate for the delivery site.
- 10) Procedures and policies for Security Badges can be found in LANL Laboratory Implementation Requirements LIR 406-00-02.0, Classified Security, Attachment 18, *Escorting U.S. Citizens in Security Areas*. The Contract Administrator will provide a hard copy of this LIR upon request by the Subcontractor.
- (h) "L" or "Q" Clearance Process and Badging.
- 1) Prior to the issuance of "L" or "Q" badges to Subcontract Workers, the Subcontractor shall have submitted and obtained a favorable Foreign Ownership, Control, or Influence (FOCI) determination.
 - 2) The Subcontractor shall comply with and respond to inquiries from the SEC-PSS6 Personnel Security's FOCI Office. Inquiries will include, but are not limited to, the timely completion of company FOCI updates annually and every 5 years. The Subcontractor shall notify the FOCI Office and the Contract Administrator of any changes in facts and circumstances surrounding the FOCI determination.
 - 3) For each Subcontract Worker or designated key management personnel to be processed for an "L" or "Q" access authorization, the Subcontractor shall:
 - (i) Notify the appropriate LANL organization for which the subcontract work is to be performed to provide the SEC-PSS6 Clearance Processing Office with a completed DOE Form 472.1C, Clearance Request/Recertification/Suitability Form, for each individual being submitted for a clearance.
 - (ii) Follow the instructions provided by the Clearance Processing Office in completing all required documentation related to the processing of clearance actions.
 - 4) If a clearance is granted, the cleared Subcontract Worker shall attend an indoctrination security lecture before issuance of the badge. Badges will be valid for the duration of the subcontract or the duration of employment, whichever is shorter.
 - 5) All cleared Subcontract Workers will be required to complete a security briefing annually in order to keep their clearance and badge active.
 - 6) All Subcontract Workers shall display security badges on their outer clothing above the waistline while on LANL property, including leased facilities, and shall remain within their assigned work areas. Subcontract Workers shall remove security badges from sight after leaving LANL property.
- (i) Time and Cost of Complying with Security Requirements. The requirements for securing eligible personnel and proper personnel security clearances for work within "L" and "Q" clearance areas and for complying with other security regulations and procedures shall not be considered cause for an extension of time for performance of the subcontract work or for extra payments under the

Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS

subcontract. The cost of processing DOE "Q" or "L" access authorizations, however, will be borne by the Government.

- (j) Responsibility for Protection of Property. Notwithstanding the fact that the subcontract work is being performed within a DOE-posted area, a "Q" Cleared Area, or an "L" Cleared area, the Subcontractor shall be responsible for protection of property associated with the subcontract work.
- (k) Security Termination Process. For each event specified below, the Subcontractor shall conduct, or have conducted by its lower-tier subcontractors, a Security Termination Statement briefing with affected Subcontract Worker(s). Upon completion of the briefing, the Subcontractor shall submit a completed Security Termination Statement, DOE Form 5631.29, to the SEC-PSS6 Clearance Processing Office, and shall return badges as indicated in the table below to the same office. Such actions shall be carried out within 2 working days of an event described in the first column of the table.

Event	Do Termination Briefing & Submit DOE Form 5631.29	Return These Badges
Subcontract Worker's employment terminated	Individual Subcontract Worker	Subcontract Worker's badge, whether cleared or uncleared, including expired
Subcontract Worker transferred from subcontract	Individual Subcontract Worker	Subcontract Worker's badge, whether cleared or uncleared, including expired
Clearance no longer required	All Subcontract Workers	"L" or "Q", including expired
Subcontractor's FOCI approval withdrawn / terminated	All Subcontract Workers	"L" or "Q", including expired
Subcontract completed / terminated	All Subcontract Workers	All badges, whether cleared or uncleared, including expired

- (l) Lost or Stolen Badges. If a badge is lost, the Subcontractor shall ensure that the individual badge holder comes to the Badge Office and files a written affidavit of such, using a Notification of Permanent Inactivation of Badge form (Laboratory Form 1672, or as amended or superseded), in order to obtain a replacement badge. If a badge is stolen, the individual badge holder must file Laboratory Form 1672 as above, report the theft to the Contract Administrator and to the LANL Security Inquiry Team at 665-3505.
- (m) Reporting Security Incidents. The subcontractor shall immediately report to the LANS line manager supervising the work performed under this subcontract, and to the LANL Security Inquiry Team at (505) 665-3505, any occurrence witnessed or committed that:
- 1) does not comply with security requirements in this clause, or
 - 2) may result in the loss of government-owned property, or
 - 3) may compromise the protection of government-owned information, or
 - 4) may have the affect of reducing LANL security program effectiveness, or
 - 5) could result in adverse public or media attention.

22. LANL 311, Operations Security Program (Jun 2002) [This clause applies only if work is performed on-site at Los Alamos National Laboratory.]

The Subcontractor shall implement and sustain a DOE Operations Security (OPSEC) Program in accordance with the provisions of the LANL manual entitled "Operations Security Program Guidance for

**Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

LANL Subcontractors.” The Subcontractor may obtain copies of this manual from the Contract Administrator.

23. LANL 312, Special Radiological Conditions (Aug 2006) [This clause applies only if work is performed on-site at Los Alamos National Laboratory within a radiation controlled area.]

(a) Compliance with Procedures

The Subcontractor shall ensure that all persons under its control, (hereinafter referred to as Subcontractor Personnel, which term includes, but is not limited to the employees, owners, guests, and invitees of the Subcontractor and its lower tiered subcontractors of every tier), comply with the requirements of 10 CFR 835, this provision, and the LANL Radiation Protection Program, a copy of which may be obtained from the Contract Administrator.

(b) Allowable Exposure Limits

- 1) The Subcontractor shall manage the work to insure that the radiation dose limits specified in 10 CFR 835 are not exceeded for Subcontractor Personnel. The Subcontractor shall keep records of current radiation dose status for all Subcontractor Personnel to ensure that each individual's dose is kept below 2.0 rem per calendar year, except with the prior written approval by the Contract Administrator.
- 2) Subcontractor Personnel less than 18 years of age shall be excluded from areas posted for radiation hazards.
- 3) In any case where the external dose status of an individual becomes uncertain, or when administrative controls have been exceeded due to an unplanned radiation dose, such individual(s) shall be prohibited from further work in areas posted for radiological hazards without the prior written authorization from the Contract Administrator.
- 4) All exposures to radiation shall be maintained as low as reasonably achievable.
- 5) Declared pregnant workers are subject to the Reproductive Health Assistance Program process and the 10 CFR 835 dose limit of 500 mrem during the 9 month gestation period.

(c) Modification of Requirements for Areas Posted for Radiological Hazards

- 1) If the type or amount of radioactive material encountered by Subcontractor Personnel is different than expected, the Contract Administrator may modify or change subcontract requirements pertaining to radiation controls relating to, but not limited to, dose limits, boundaries, permissible exposure rates, protective clothing, and exposure time of personnel.
- 2) Subcontractor work may be suspended in the following instances:
 - a) Unanticipated discovery of contamination
 - b) Unanticipated increase in dose rates
 - c) Reaching hold points specified in work control documents
 - d) Noncompliance with required controls, procedures, or practices
 - e) When directed to suspend work by LANS personnel providing radiological support and oversight.

Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS

(d) Radiological Training and Medical Examination

- 1) The Subcontractor shall require all Subcontractor Personnel to attend training as required by the Laboratory. At a minimum, Subcontractor Personnel performing radiological work shall be required to successfully complete Radiological Worker Training prior to initial entry in areas posted for radiological hazards. All Subcontractor Personnel are required to attend daily safety briefings (approximately 15 minutes) prior to start of each day's work.
- 2) The Subcontractor shall obtain a medical clearance for Subcontractor Personnel required to use a respirator prior to: (1) the training in the proper use of a respirator; (2) fitting for a respirator; and (3) the first entry into an area posted for radiological hazards where a respirator is required. The Subcontractor shall further obtain such follow-up medical clearances as may be required by the Contract Administrator. The Subcontractor may obtain OSHA Respirator Medical Evaluation Questionnaires from OSHA or from the Contract Administrator.
- 3) Significant time is required to perform necessary radiation protection steps for working in areas posted for radiation hazards. All time spent by Subcontractor Personnel in orientation, radiation training, medical examinations and preparation for entry into and exit from an area posted for radiation hazards shall be at the expense of the Subcontractor. Listed below are some examples of estimated time requirements:
 - a) Approximately 2 hours per person for respirator fitting;
 - b) Approximately 1 to 2 hours per day for donning and removing of protective clothing and/or equipment; and
 - c) Up to 4 hours per session for radiological worker training and facility specific radiological training.
- 4) All Subcontractor Personnel working in areas posted for radiological hazards where respiratory protection is or may be required, and all Subcontractor Personnel required to be fitted for respiratory protection shall remove facial hair that could interfere with the fit of the device prior to beginning work in that area or appearing for fitting of the respiratory protection.

(e) Control of Personnel Entering an Area Posted for Radiological Hazards

- 1) Unless otherwise directed by the Contract Administrator, the Subcontractor shall not permit Subcontractor Personnel to enter an area posted for radiological hazards unless a LANS representative is present to specify the protective clothing and radiation instruments to be used, to provide radiation monitoring services, and to provide any other necessary service with respect to control of radiation and/or contamination.
- 2) The Subcontractor shall have and maintain a daily log of all work in an area posted for radiological hazards. The log shall include a description of the work activity and the names of Subcontractor Personnel assigned to each work activity. The log shall be made available to the Contract Administrator or Subcontract Technical Representative (STR) upon request. Each day prior to commencement of work in an area posted for radiological hazards, the Subcontractor shall provide to the STR the name, social security number and previous radiation exposure history for all Subcontractor Personnel assigned to work in an area posted for radiological hazards.

(f) Use of Protective Clothing, Respiratory Equipment, and Dosimeters

Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS

- 1) All Subcontractor Personnel working in or entering an area posted for radiological hazards may be required to wear protective clothing or personal protective equipment provided by the Laboratory. Removal of outer personal clothing may also be required.
- 2) Personal items normally worn and/or carried in clothing pockets shall be removed prior to entering/working in an area posted for radiological hazards. These items include watches, rings, jewelry, keys, knives, etc.
- 3) All Subcontractor Personnel will be required to wear dosimeters provided by the Laboratory when in an area posted for radiological hazards as specified for the work area and/or activity. Dosimeters shall be exchanged on a monthly basis. The Subcontractor shall ensure that Subcontractor Personnel cooperate with Laboratory personnel in the exchange of dosimeters and the use of electronic personnel dosimeters as specified.
- 4) LANS will determine the requirements for and provide all necessary protective clothing and equipment for proper respiratory protection in areas posted for radiological hazards.

(g) Control of Personal Habits

Subcontractor Personnel shall not eat, drink, smoke, or perform any act that could cause personal contamination while within an area posted for radiological hazards. Subcontractor Personnel will be allowed to smoke, drink, and use toilet facilities in a designated area only upon the removal of the outer layer of protective clothing (if two layers of protective clothing are required) and completion of a radiological survey for possible contamination. Food may be consumed outside of an area posted for radiological hazards only after complete removal of ALL protective clothing and the completion of a radiological survey for possible contamination (as required by the facility or activity).

(h) Temporary Support Facilities

The Subcontractor shall locate its offices, latrines, lunchroom, and all other facilities not essential for work within an area posted for radiological hazards, in areas designated or approved by the Contract Administrator outside of an area posted for radiological hazards.

(i) Control of Personnel Leaving an Area Posted for Radiological Hazards

- 1) All Subcontractor Personnel leaving an area posted for radiological hazards are subject to facility and/or activity requirements for personal contamination monitoring which requires approximately one (1) to five (5) minutes per person per exit in addition to contamination monitoring of equipment, tools, and other materials taken into the area.
- 2) LANS will periodically survey areas for possible contamination whether or not an area posted for radiological hazards is established within the Subcontractor's work area. Any decontamination services required will be performed by LANS.
- 3) The Subcontractor shall ensure that Subcontractor Personnel participate in Laboratory internal and external dosimetry programs including submittal of bioassay samples as directed by the Contract Administrator. The bioassay samples or tests may include, but not be limited to, urine samples, nose swipes, and whole body count.

(j) Decontamination of Individuals

Should contamination be detected on a person being surveyed, the individual will be properly decontaminated in accordance with the LANL Radiation Protection Program.

**Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

(k) Disposition of Contaminated Subcontractor Property

- 1) The Subcontractor agrees to submit to LANS for survey and decontamination and for destruction or other disposal, if LANS should determine that decontamination is impracticable, any equipment, tools, or other personal property brought into an area posted for radiological hazards by Subcontractor Personnel.
- 2) Contamination monitoring may be performed when property is removed from an area posted for radiological hazards and may also be performed before the movement of any such property from one location to another within LANL.

24. LANL 314, Laws, Regulations, DOE Directives, and LANL Policies (Jan 2007)

- (a) In performing work under this subcontract, the Subcontractor shall comply with the requirements of applicable federal, state, and local laws and regulations, including DOE regulations. The Subcontractor shall also comply with DOE Directives, NNSA Policy Letters, and Laboratory policies and procedures, or parts thereof, which are identified in the subcontract or are brought to the Subcontractor's attention. Copies of any such directives, letters, policies and procedures will be provided to the Subcontractor by the Contract Administrator upon request.
- (b) Except as otherwise provided by the Contract Administrator, the Subcontractor shall, without additional expense to LANS, procure all necessary permits and licenses required for performance of work under the subcontract.
- (c) Regardless of the performer of the work, the Subcontractor is responsible for compliance with the requirements of this clause. The Subcontractor is responsible for flowing down the requirements of this clause to subcontracts at any tier to the extent necessary to ensure the Subcontractor's compliance with the requirements. Consequently, the Subcontractor shall include this clause, including this paragraph (c) in any lower-tier subcontracts issued pursuant to this subcontract for work to be performed on site at LANL.

25. LANL 315, Certification Regarding Former LANS or UC Employees (Jul 2006) [This clause applies only if work is performed on-site at Los Alamos National Laboratory.]

- (a) LANS' employees who retire under the LANS Defined Benefit Pension Plan are required to have a true and complete severance from LANS before working as an employee under this subcontract. Ordinarily, unless otherwise approved by the Contract Administrator in writing, this requires that: (1) there was no discussion or prior agreement about working as an employee between the Subcontractor and the retiring LANS' employee until at least 30 Days had occurred after the date of retirement, and (2) at least 90 Days have elapsed since the date of retirement.
- (b) Employees of LANS or UC who have been terminated for cause or who have resigned in lieu of termination for cause may be prohibited from returning to work at the Laboratory. Unless otherwise approved by the Contract Administrator in writing, the Subcontractor may not employ such former employees for any on-site work or for any work under this subcontract in which such former employees may have any direct or indirect substantive contact with a LANS' employee.
- (c) In order to assure compliance with subparagraphs (a) and (b), the Subcontractor must, with respect to its employees who are assigned to work under this subcontract, certify that it is not employing any individuals under the subcontract who are not eligible to work as set forth in paragraphs (a) and (b). Such certification must be provided in writing to the Contract Administrator before the start of work under the subcontract and, thereafter, on a quarterly basis.

**Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

- (d) In making this certification the Subcontractor may rely on information provided by its applicants for employment or its employees so long as the Subcontractor has exercised due diligence and has, at a minimum, obtained the following information from each applicant or employee: (1) whether the applicant or employee is a former employee of UC or LANS, and if so, the date of separation; (2) whether the applicant or employee is a member of the LANS Defined Benefit Pension Plan; and (3) whether the separation was the result of retirement, termination, or resignation in lieu of termination.
- (e) The Subcontractor shall include this clause, including this paragraph (e), in all lower-tier subcontracts awarded pursuant to this subcontract. The term "Subcontractor" as used in this clause means a subcontractor at any tier.

26. LANL 320, Nuclear Hazards Indemnity and Price Anderson Act (Jan 2007) [This clause applies only if work is performed on-site at Los Alamos National Laboratory.]

- (a) The provisions of 48 CFR 952.250-70, Nuclear Hazards Indemnity Agreement, are incorporated by reference into this subcontract to the extent the subcontract involves a risk of public liability, as that term is defined in the Atomic Energy Act of 1954, as amended. Subcontractor shall flow down this provision to all lower-tier subcontractors and suppliers unless expressly waived in writing by the Contract Administrator.
- (b) The U.S. Department of Energy (DOE) will indemnify Subcontractor against (1) claims for public liability, and (2) legal costs arising from any nuclear incidence, in accordance with the provisions of 48 CFR 952.250-70.
- (c) The Department of Energy has promulgated Procedural Rules for DOE Nuclear Activities (10 CFR 820), Quality Assurance Requirements (10 CFR 830 Subpart A), Occupational Radiation Protection rules (10 CFR 835), and Worker Safety and Health Program (10 CFR 851) in implementation of the Price Anderson Amendment Act (PAAA) of 1988, Public Law 100-408, August 20, 1988, as amended. These rules govern the conduct of persons involved in DOE nuclear activities, and in particular, are designed to achieve compliance with DOE safety issues. The Subcontractor shall comply and is responsible for the compliance of its lower-tier subcontractors with the referenced DOE safety related rules and regulations. Violation of the applicable rules and regulations will provide a basis for the assessment of civil and criminal penalties.
- (d) The Subcontractor shall indemnify LANS for any civil penalties levied against LANS, pursuant to Section 234A of the Atomic Energy Act of 1954 as amended, for any violations of applicable DOE safety related rules, regulations, or orders committed by Subcontractor or its lower-tier subcontractors and suppliers.

27. LANL 325, Commercial Activities (May 2006) [This clause applies only if work is performed on-site at Los Alamos National Laboratory.]

Neither Subcontractor nor its employees shall establish any commercial activity or issue concessions or permits of any kind to third parties for establishing commercial activities on the site or any other lands owned or controlled by LANS or Government.

28. LANL 401, Authorization and Consent (Nov 2002) [This clause applies only if the subcontract price is more than \$100,000.]

- (a) The Government authorizes and consents to all use and manufacture of any invention described in and covered by a United States patent in the performance of this subcontract or any lower-tier subcontract at any tier.

**Los Alamos National Laboratory
GENERAL PROVISIONS
COST REIMBURSEMENT RESEARCH AND DEVELOPMENT SUBCONTRACTS**

- (b) The Subcontractor agrees to include and require inclusion of this clause, suitably modified to identify the parties, in all lower-tier subcontracts at any tier for research and development activities.

29. LANL 516, Standards, Publications, And Other Authorities Incorporated By Reference (Jun 2002)

Unless otherwise specifically provided, the current edition of each publication, standard, or other authority incorporated by reference into the Specifications shall govern. "Current edition" means that revision in effect on the latest date of the solicitation or any addenda to the solicitation. In the event of a discrepancy or conflict between any such publications, standards or other authorities incorporated by reference and any express provision of the subcontract, the subcontract shall govern.

30. LANL 701, Preference for Local Firms in Subcontracting (Jun 2002) [This clause applies only if the subcontract price is more than \$100,000.]

The Subcontractor shall, with respect to lower-tier subcontracts issued pursuant to this subcontract, utilize firms located in Northern New Mexico to the maximum extent possible consistent with prudent business practices and providing best value under the subcontract.

31. LANL 702, Unclassified Controlled Nuclear Information (Jun 2002)

- (a) Documents originated by the Subcontractor or furnished to the Subcontractor in connection with the subcontract may contain Unclassified Controlled Nuclear Information, also referred to as UCNI, as defined in Section 148 of the Atomic Energy Act of 1954, as amended (42 U.S.C. §2168). The Subcontractor shall be responsible for protecting such information from unauthorized dissemination in accordance with DOE Regulations at 10 CFR Section 1017.17 and relevant DOE Directives. The Subcontractor may obtain copies of such DOE Directives from the Contract Administrator.
- (b) Failure to comply with the requirements of Section 148 of the Atomic Energy Act of 1954 and the regulations at 10 CFR Section 1017.17 may result in the imposition of a civil penalty of up to \$100,000 for each violation.

32. LANL 704, Responsibility for Technology Export Control (Jun 2002)

- (a) The Subcontractor shall comply with all applicable United States export control laws and regulations, including the International Traffic in Arms Regulations (ITAR), 22 CFR Parts 120 through 130, and the Export Administration Regulations (EAR), 15 CFR Parts 730 through 799 in the performance of this subcontract. In the absence of available license exemptions/exceptions, the Subcontractor shall be responsible for obtaining the appropriate licenses or other approvals, if required, for exports of hardware, technical data and software, or for the provision of technical assistance.
- (b) The Subcontractor shall be responsible for obtaining export licenses, if required, before exporting or allowing access to export-controlled technical data or software to foreign nationals in the performance of this subcontract.
- (c) The Subcontractor shall be responsible for all regulatory record-keeping requirements.
- (d) The Subcontractor shall be responsible for ensuring that this clause, including this paragraph (d), is included in all appropriate lower-tier subcontracts.
